welcome to YORK

York welcomes visitors all year round. The museums, York Minster, the Art Gallery, the City Walls, the shopping and the burgeoning restaurant scene means there is something for everyone, every single day of the year, whatever the weather.

2018 will be a special year to visit. Never has there been such a spectacular and vast array of events and festivals, many of them new.

Gardening and flower enthusiasts can enjoy 4 days of horticultural festival fun at Bloom!, a city-wide event in early July.

The Great Yorkshire Fringe comedy festival is back for its 4th year and the York hot-air Balloon Fiesta returns in

September for its second year. Taking place only every 4 years, September also sees the return of the Waggon Plays, traditional street theatre dating back to the Middle Ages.

York is also showing its contemporary side with a new festival in the autumn – York Mediale, a 10 day international media arts festival to celebrate York’s status as the UK’s only UNESCO designated City of Media Arts.

And throughout the summer, from the 25 June to 2 September, York will be hosting Shakespeare's Rose Theatre - Europe’s first ever pop-up Shakespearean theatre.

In 2018, York will definitely live up to its reputation as the ‘original city adventure’.

The aim of this guide is to do two things. First, it is to inspire and excite you about what York has to offer.

Second, having hopefully stimulated you to visit, it will help you plan your break as we showcase the best places to stay, the best places to eat and the best things to do.

I hope you will choose to visit York in 2018. If you do, our team at the Visit York Information Centre will give you a very warm welcome... and lots of tips.

Theatre in YORK

Narrow medieval streets, iconic architecture and a forward-thinking, academic atmosphere mean York is a place where ideas and theatre spring to life.

With creative spaces such as the impressive York Theatre Royal and the historic Grand Opera House, York is the stage for a variety of theatre and performances.

York though is not constrained by its buildings and many performances take place on the city's historic streets. These streets play host

to the Waggon Plays in 2018. Not only is theatre prevalent in the spoken word, many written works of admired playwrights reside in Explore York Library.

The highlight of York's literary calendar is the York Literature Festival, featuring author and speaker events, performances, theatre and literature-related artistic activity.

Quoted 269 times in Shakespeare's literature, York was the heart of the North of England in Shakespearean times and is the ideal location to reflect

on the complexity of Shakespeare as Europe's greatest playwright. The legacy of Shakespeare is celebrated during the biannual York International Shakespeare Festival, returning in 2019.

In the summer of 2018 York will come alive with Europe's first ever pop-up theatre - Shakespeare's Rose Theatre. Four plays will be performed - Macbeth, Romeo and Juliet, A Midsummer Night's Dream and Richard III.

Other world class productions in York in 2018 include Brighton Rock at the Theatre Royal in February.

EUROPE'S FIRST EVER POP-U

25 JUNE – 2 SEPTEMBER 2018
TOWER ST - YORK

Step back in time and experience Shakespeare as it was in his day!

Shakespeare's Rose Theatre comes to the heart of historic York, beside Clifford's Tower, in summer 2018 – the 13-sided pop-up Elizabethan theatre offers three tiers of covered seating and an open courtyard for standing 'groundlings'.

Four of William Shakespeare's greatest plays will be performed. The West End's renowned Lindsay Posner will direct *Romeo and Juliet* and *Richard III* while York Theatre Royal's Olivier Award-winning Artistic Director Damian Cruden, and Associate Director Juliet Forster, will be putting their stamp on *Macbeth* and *A Midsummer Night's Dream*.

Shakespeare's Rose Theatre promises a thrilling and intimate theatrical experience with plenty of breath-taking, spine-tingling, heart-stopping moments!

Shakespeare's Village

Outside Shakespeare's Rose Theatre will be Shakespeare's Village, with 'wagon' entertainment, jesters and minstrels, the best Yorkshire food and drinks and an Elizabethan garden. Access to Shakespeare's Village is free of charge.

SHAKESPEAREAN THEATRE

Macbeth

"It is a tale
Told by an idiot,
full of sound and
fury, Signifying
nothing."

Macbeth is bloody, fast-paced, action-packed and psychologically tense. Populated by witches, ghosts and haunting apparitions, it tells the story of over-reaching ambition, a toxic marriage, a kingdom in crisis and a man's encounter with his own darkest self.

Romeo and Juliet

"For never was a
story of more woe
Than this of
Juliet and her
Romeo."

The most famous love story ever written, *Romeo and Juliet* is a tale of young love, grand passion, feuding families, street violence and the cruelties of fate.

A Midsummer Night's Dream

"The course of
true love never
did run smooth."

One of Shakespeare's funniest and most delightful comedies, *A Midsummer Night's Dream* is a riot of criss-crossed love and feuding fairies, with clod-hopping amateur actors and a magical potion adding to the mayhem.

Richard III

"Now is the winter
of our discontent
Made glorious summer
by this sun of York."

Of particular significance to the historic city of York, Shakespeare's *Richard III* has undoubtedly influenced Richard's reputation as one of the most colourful villains in British history. Shakespeare portrays Richard as intelligent and engaging – a gleeful and treacherous villain murdering his way mercilessly to the crown before facing his own demons the night before the Battle of Bosworth.

THE GRAND OPERA HOUSE

Now one of York's best-loved creative venues, the Grand Opera House York was originally built as York's Corn Exchange in 1868. In 1902 the Grand Opera House opened, attracting famous faces including Charlie Chaplin. In 1958 the Shepherd of the Shambles bought the theatre and the stage was replaced by a flat floor suitable for roller-skating but in 1987 the place was restored to its former grandeur.

- Always get your diamond insured and ask for a complimentary valuation document.

Sat in House of Trembling Madness feasting on a hearty English platter, drinking smoked stout and listening to everyone sing along merrily to David Bowie's Rocket Man. I felt like I was a Hobbit!

Where is the best photo spot?
The Shambles perfectly encapsulates York with its beautiful, irregular buildings. The light always feels soft in these narrow little streets and there's plenty of hustle and bustle to capture!

What is your top tip for a visitor to York?
Be alert for unassuming entrances. York is such a rickety, interesting place and there are lots of fantastic cafés, pubs and restaurants hidden away down alleys or above shops.

I was really surprised that you're able to walk along the old city walls. I've never seen that anywhere and was really excited to explore the walls!

What was your favourite meal?

I had an authentic fish and chips meal with mushy peas while I was in York. I love trying out new meals that I don't get to eat a lot at home. The first night I ate at Ambiente Tapas and everything I ate there was delicious!

What's your top tip for a new visitor?

Make sure to get up early to explore the city, always catch the sunsets, bring comfortable shoes and don't be afraid to walk everywhere. It's a super fun city to explore!

What is your favourite memory?

We happened to be in York during Halloween so I was looking forward to some "dark" activity. We were not disappointed as we joined the Halloween Special production of the York Terror Trail.

What surprised you about York?

I'm a Harry Potter nerd so I was utterly delighted to stumble onto Shambles - a street that looks an awfully lot like Diagon Alley!

What was your favourite meal?

It might sound strange, but it was an organic pork pie! I live in Germany, and the concept of a pie is alien. Whenever I'm in the UK, I usually indulge in English fare but, I haven't had a pork pie in 15 years, so it was quite delightful!

**MANSSION
HOUSE**

2018 is set to be an exciting Year of Grandeur for the Mansion House after undergoing the biggest restoration the building has seen since it was built in 1732. Standing in the heart of York, the Mansion House is the earliest purpose built house for a Lord Mayor still in existence.

Past the grandeur of the prominent green doors and beautiful facade lies an inspiring, interactive environment where you can experience the story of York's past and present. See how every Lord Mayor from the middle ages to the present day has danced, dined and entertained.

Marvel at the stunning gold and silver collections, explore the dramatic interiors and uncover civic secrets hidden within its walls. From the grandeur of the state room to experiencing life below stairs in the restored Georgian kitchen, York Mansion House is a pleasure to discover.

Keep up to date with all the latest events via the new website. Get gluttonous with an afternoon tea, a gin and biscuit evening and grab some popcorn for a cosy movie night in the State Room.

There will be an array of educational activities for all ages including school and adult educational workshops as well as regular kids clubs! To close out the year we will be celebrating the end of 'The Great War' with an exhibition to uncover the role of the Mansion House when entertaining returning soldiers including personal accounts of the time.

So step inside and say hello to the mummified Mansion House cat... oh did we forget to mention that?!

**A night at The Grand:
A five-star family experience**

We're firm believers in trying to share as many experiences as we can with our children, and that includes the luxury ones. So with some trepidation and mutterings about 'best behaviour', we packed our bags and took our three little ones (7, 5 and 3) to The Grand Hotel & Spa for an overnight stay in Yorkshire's only five star hotel.

The location couldn't be better. It's a stone's throw from the station and just across the bridge from everything that York city centre has to offer. It's a five minute walk to York Minster, 10 minutes to the JORVIK Viking Centre and a couple of minutes to Pizza Express (an important landmark for travelling families, if ours is anything to go by).

We were lucky enough to stay in a master suite, which was incredible. A huge flat screen TV in both rooms, enormous bath and walk-in shower with Molton Brown goodies, Nespresso coffee maker and handmade chocolates all made it very difficult to contemplate ever leaving the room. And that's before the kids spotted the two vintage style children's pedal cars - a lovely touch.

The Grand's new restaurant, The Rise, is a stunning place to eat. We opted for afternoon tea - including the special children's afternoon tea - which was fabulous. We'd recommend it whether you're staying at the hotel or not. From the friendly staff to the excellent facilities, amazing afternoon tea and little touches, it's clear that The Grand understands what families need. Don't tell the children, but we even found ourselves doing something we rarely do: relaxing.

Two more unique family-friendly places to stay

Embrace the outdoor life with a family glamping stay at Jollydays near Stamford Bridge - where woodland huts and tents offer a luxury camping experience. While you're there, eat at The Balloon Tree Farm Shop, where there's a little play area and you can pick seasonal fruit and veg.

Venture out into the beautiful North York Moors and cosy up in a Forest Holidays cabin at Keldy or Cropton. While you're there, spend a day at Dalby Forest, where there's lots for kids to do. Why not visit the Yorkshire coast? We love Whitby, Filey and Robin Hood's Bay for fossil hunting and rock pooling.

YORK'S SHOPPING STREETS

where tradition meets innovation

With a web of winding streets flaunting designer stores, independent shops and specialty boutiques, York is the ultimate shopping destination. Traditional family businesses share the streets with new ventures and contemporary stores to give you the ultimate shopping experience.

Known for its community spirit and award-winning independent businesses, Fossgate is home to a number of distinctive retailers and hosts the ultimate street party, the Fossgate Festival, in the summer months. You'll find Give the Dog a Bone which sells contemporary and unusual gifts while York Designer Dress Agency stocks pre-loved designer ladies clothing.

Stonegate and Swinegate offer shoppers an idyllic setting, with a mix of medieval and stately Georgian architecture. It's always the most wonderful time of the year at Kathe Wohlfahrt on Stonegate, a traditional Christmas shop filled with

everything festive. For independent shops that are off the beaten track, wander along Gillygate and Petergate. Visit family-owned Bradley's Jewellers on Low Petergate and browse their collection of British-crafted jewellery and enjoy a cheese board in a modern setting at Love Cheese on Gillygate.

With its cobbled lane and overhanging medieval houses, the Shambles is a picture-perfect street in the heart of York. You'll find a number of lively cafés, independent shops and the famous Shambles Market just around the corner. Highlights include the unusual cufflink specialists Cuffs & Co, Monkbar Chocolatiers - one of York's longest established chocolatiers and the new Harry Potter themed shops bringing a magical twist.

Goodramgate is now as famous for its independent shops as it is for its row of 14th century houses. For the perfect

present, head to Cleggs where you'll find unique fair trade gifts and just next door is Monk Bar Model Shop which sells an eclectic range of model train sets and vehicles for children and adults alike.

The imaginative Micklegate is the perfect place to discover a York keepsake. Forty Five Vinyl Café is the place to flick through LP's including fan favourites, rare collectables and value records from less than £1.

Stroll down historic Coppergate, once a Viking village, to find some of the current leading names in fashion. You'll find all the latest trends at Coppergate, home to the famous department store Fenwick or pop into Primark where you can grab a bargain.

Beyond the walls, the Designer Outlet, Vangarde and Monks Cross offer a different but equally compelling shopping experience.

THE GRAND

more than a touch of luxury

Escape the hustle and bustle of everyday life at The Grand Hotel & Spa, York, which provides the ultimate destination for a chance to unwind and indulge in luxury. York is a city of astonishing architectural feats and The Grand is one of them.

Situated in York's most iconic Edwardian building, The Grand Hotel & Spa provides the perfect luxury getaway. Steeped in history, the Grade II-listed building was originally constructed in 1906 for what was then the North Eastern Railway headquarters. Today it is Yorkshire's only AA-rated five-star luxury hotel and has established a global reputation for its first-class services, impressive bedrooms, and fine dining.

Following its £15million redevelopment in 2017, The Grand has almost doubled the number of five-star bedrooms in York, providing a supremely opulent experience for both visitors to York and city locals craving an escape from everyday hustle

and bustle. Combining the traditional values of its historic setting along with modern guest facilities, the indulgent rooms have been carefully designed to provide guests with a decadent experience. The sumptuous interiors have been inspired by The Grand's Edwardian past and include marble-finished bathrooms, luxury bath products, as well as Egyptian cotton linen for the perfect night's sleep.

As part of the redevelopment, the hotel has incorporated an immersive dining experience delivered by Head Chef Craig Atchinson and his team. The Rise Restaurant, Terrace, & Bar, serves up unique Yorkshire tapas-style small plates. While the hotel's triple-AA-rossette fine dining restaurant, Hudsons, offers a nine course tasting menu to showcase the best of local produce, alongside culinary excellence. Combining classic flavours with modern cooking techniques, Atchinson's style is modern British cuisine,

inspired by the produce of the changing seasons. Craig has a real passion for using local produce and can often be found foraging seasonal ingredients to source the best to use in both of The Grand's restaurants to provide a combination of nature and luxury. The amazing fruit, vegetables, and herbs are all grown and foraged in the surrounding areas, while the meat, fish and game are mostly sourced within a few miles of the hotel.

Set in the hotel's atmospheric vaults - where the North Eastern Railway company once stowed its millions - the Spa at The Grand offers an abundance of rejuvenating treatments designed to work away every knot and tension. Treatments include; facials, soothing body wraps, holistic massage, pre-natal treatments, manicures, and pedicures. Skilled beauty professionals use only the finest products to provide intense nourishment and a renewed sense of inner calm.

BEN THORPE

We asked the editor of York on a Fork, an independent food blog and website, to give us his rundown on some of the city's top foodie spots...

Over the last few years, York has evolved into a fantastic destination for foodies wanting to visit a city with a huge range of dishes on offer from a wide variety of quality restaurants. There are lots of options for high end dining that have a national reputation; the range of chains one would expect in a tourist destination of this size; plenty of independents ploughing their own furrow; and a thriving street food scene. Whether your visit is focussed on food or any of the other fascinating things York offers, you'll not leave hungry!

If you need a quick bite for lunch that's not going to take too much out of your day, Shambles Food Court is a certain winner. Close to the Shambles, from which it takes its name, it's dead centre, but still has ample covered seating and a range of vendors who are passionate about serving quality food. Tariq from Los Moros is well known locally for putting his food hut at the top of the Tripadvisor charts for York, while Pizzoli turns out superb pizza and arancini.

Also resident are Winner Winner, with their fried chicken, and Nukkad, who serve up wonderful, fresh Indian street food. Venturing away from the Shambles, there's also great food on offer from Appleton's Butchers and King Chips, both of which offer options for snacking on the go.

There's no shortage of options for a special meal in York. Since opening on Micklegate in 2016, Skosh has received plaudits from the national media and been awarded a prestigious Bib Gourmand by the Michelin Guide. The small plate concept has wonderfully diverse influences, drawing on chef owner Neil Bentinck's travels and heritage; the "Skosh Fried Chicken" is a must try on the ever changing menu.

If you want a truly special food experience, Le Cochon Aveugle should fit the bill. Chef Josh Overington has found success appearing on Great British Menu and in his restaurant the only option is a tasting menu served blind, each dish a surprise.

The Grand Hotel is also home to the recently refurbished Hudson's, which has lofty ambitions to match its reputation, and The Rise, which offers a more relaxed setting to enjoy a series of small plates.

One of the most spectacular places to eat in York is The Star Inn the City, offering stunning views of the Ouse and the Museum Gardens. This is part of the Andrew Pern empire that started with the Michelin starred Star Inn at Harome and has since been joined by Mr P's Curious Tavern on Petergate and The Star Inn the Harbour over at Whitby, should you fancy a trip to the coast. The Star Inn the City is open all day, offering relaxed breakfasts in the morning before transitioning to an all day menu. There's also a great value fixed price market menu to make sure you can enjoy the building on a budget too, and the terrace is a fantastic place to take in the sun with a cold drink.

We have plenty of fabulous independents that give our city some of its character, many of which are based on Fossgate and Walmgate. On these streets you can have your fill of hearty Polish food at Barbakan, who serve up tremendous pierogi, or enjoy Korean staples such as bibimbap at Oshibi. Walmgate is also home to Le Cochon Aveugle's sister wine bar, Cave Du Cochon which serves a huge range of wines and surprisingly accessibly priced snacks including beautiful Boudin Noir Macarons.

For great vegetarian food, Source is always a good bet, with an equally tempting range of slow cooked meats. The Rattle Owl offers more than just a flavour of locally-sourced food, alongside its wine stock in the cellar you can see a Roman road and part of a Roman house.

There are also plenty of chains to choose from if you're after a little more familiarity. St Helen's Square is home to both The Ivy and Carluccio's who have both invested significantly in making sure that the buildings they occupy are suitably striking, while Bill's, Jamie's and many others are all present and correct. St Helen's Square is also the proud home of the world famous Bettys Café Tea Rooms, where you can indulge in exquisite afternoon tea.

Fancy a hearty brunch? Mannion & Co have such a strong reputation that it's not unusual to have to queue for a table. If the queue's out the door there then there's Brew & Brownie on Museum Street. A short stroll onwards takes you to the Perky Peacock which serves up superb coffee in a beautiful medieval tower on the river bank.

Even after all those recommendations, I feel like I've barely scratched the surface of our vibrant food scene. I know 2018 will bring some new, exciting entrants to the market too and hope you have as much fun exploring them on your visit as I have in compiling these recommendations. Happy eating!

Nearly 1,000 years ago a French monk experienced a vision in which he was called upon to found a new monastery. The place for his task would be marked by the presence of three swans. The monk travelled to England and whilst walking beside the River Ouse - which flows from York to the Humber - he saw three swans land on the water. This was to be the site of the monastery. Today the legacy of those swans remains, with the magnificent Selby Abbey.

The town has seen a real renaissance in recent years, with a range of brand new restaurants and bars. A recent new edition is the Escapologist, which transports you to another, magical, world.

If you're looking for a family day out, Summit Indoor Adventure in Selby offers the answer. Bowling, a BMX track, aerial trek, adventure play, climbing and a state-of-the-art ski slope are all under one roof, alongside great quality food.

Tadcaster is in the north of the Selby district, and is half way between York and Leeds: an ideal stop-off on a journey and a destination in itself. Tadcaster can trace its roots back to Roman times, when it served as an important staging post on

the way between London and York. The town is famous for brewing, with beer made from the waters of the River Wharfe which starts its journey in the Yorkshire Dales. The oldest of the present breweries in the town is Samuel Smith's, which dates from the 1750s. Beer deliveries by horse and cart can still be seen to the town's pubs, with the brewery's beautiful white shire horses stabled in the town centre.

Nearby is the site of the Battle of Towton - a turning point in English history. It was here that the rivers are said to have run red with the blood of 28,000 men killed in March 1461 as Henry VI's men faced the army of Edward IV.

For a truly unique perspective on the Selby district, head to Sherburn Aero Club, where you can take part on a range of flying experience days. Some flights offer the chance to experience the skies with a friend too, or for the more adventurous to take part in aerobatics experience flights. The airfield also has a café and children's play area and can make a day out in itself.

The impressive interior of Selby Abbey, which stands in the centre of the town.

Try something different at The Escapologist, one of a number of new bars and cafés recently opened in Selby.

Summit Indoor Adventure has lots of different activities under one roof, including climbing and skiing.

SELBY THREE SWANS SPORTIVE
2 September

The picturesque villages of the Selby district offer much for a day visit and can be easily reached from York. A great way to get around is by bike, with the area's countryside offering ideal cycling country. Traffic-free cycle routes, such as the Transpennine trail which is themed on a scale model of the solar system, transport you easily from the centre of York to villages typical of England's green and pleasant land. The district hosts a number of annual cycling events, including the Selby Three Swans sportive each September, in which over 1,000 riders make their way through the district's countryside. Nearby is award-winning Stillingfleet Lodge Gardens; a quintessentially English garden. It remains family-owned, lovingly planted over 40 years, and comprises a series of small gardens surrounding a family home.

It's not just great cycling country. There are many places in the district that are ideal as an escape from the city for a family walk too. Skipwith Common, which is just 20 minutes south of York, is a popular spot for walkers, as well as for more adventurous activities such as quad biking and paint balling. Brayton Barff offers walks suitable for buggies and small children, as does Barlow Common Nature

Reserve. Fairburn Ings - run by the RSPB - is a great location for bird watching.

At Tadcaster, the beautiful St Mary's Church beside the River Wharfe houses a stained glass window designed by William Morris & Co. Most of the glass is designed by Edward Burne-Jones, but two of the top panels are believed to have been designed by William Morris himself. Cawood Castle, meanwhile, offers an impressive backdrop for a visit to the village. It was the arrest of Cardinal Wolsey by Henry VIII's men at Cawood Castle that's believed to be the source of the Humpty Dumpty nursery rhyme.

From history and picturesque villages to the future: you can get a unique perspective on how power is generated with a tour of Drax Power Station. This site provides around 17% of the UK's renewable energy, following major investment in biomass technology.

With all this just south of York, why not consider the Selby district as a place for a day visit or to base yourself for a longer stay in the York area.

For more information on the Selby district visit: selby.gov.uk

Skipwith Common offers delightful family walks as well as being home to the Yorkshire Paintball Centre.

Cawood Castle is thought to be the source of a famous nursery rhyme.

YORK

Beyond York YORKSHIRE COAST

SCARBOROUGH • WHITBY • FILEY

THE NORTH YORKSHIRE COAST IS THE MEETING PLACE FOR THE REGION'S ANCIENT PAST AND ITS VIBRANT FUTURE; EVERY MILE OF COASTLAND FROM FILEY UP TO STAITHES SPEAKS TO ITS OWN STORIED HISTORY, WHILE EACH RESORT THAT MAKES ITS HOME ALONG THIS 37 MILE STRETCH EXHIBITS A MIX OF 21ST CENTURY MODERNITY AND RURAL CHARM.

BY CAR: FROM 45MINS

BY BUS: FROM 1HR 30MINS

BY TRAIN: FROM 45MINS

The North Yorkshire Coast is a true chronological and cultural crossroads, a quality which sets the area apart both locally and nationally.

In addition to sharing an indelible connection to the history of the English seaside, Scarborough continues to evolve; Britain's 'first resort' has expanded its repertoire beyond the traditional Spa Waters that transformed its reputation throughout Victorian Britain.

In 2018 the roots of its heritage are still apparent but Scarborough is now every bit the modern seaside destination; indeed, with its contemporary buildings, packed cultural calendar and wide-ranging digital connectivity, VisitEngland reports that the Borough is the nation's most visited destination for overnight visits outside of London.

Many of the area's most tangible links to its rich maritime heritage reside in Whitby; the town provided a backdrop for the formative seagoing years of Captain James Cook, and thousands arrive there annually to survey the historic harbour from the glorious grounds of the Abbey.

The Captain Cook Memorial Museum preserves a number of original exhibits, including manuscripts and Pacific artefacts, in the very building where Britain's most famous explorer came to serve his apprenticeship in 1746. The darker side of the region's seafaring past awaits at Robin Hood's Bay. Don't be tempted to take this tranquil fishing village at face value; Robin Hood's Bay was once a notorious port, frequented by fearsome smuggling gangs in the 18th Century. The subterranean routes used to transport contraband from the harbour still remain and can be followed year-round on a Smugglers guided tour.

The North Yorkshire Coast has deep cultural roots, and lovers of art, theatre and live performance will find the area caters to all tastes. Scarborough's Open Air Theatre attracts leading musical acts each summer, with Il Divo, Alfie Boe and The Script already confirmed for 2018. The town is also home to the historic Spa complex, a popular stage for leading names in the world of music, stand-up comedy and show business.

The newly-refurbished Stephen Joseph Theatre, situated in the town centre, continues to debut each new production by celebrated playwright Sir Alan Ayckbourn, in addition to local theatrical works and cinematic screenings, while Filey's Evron Centre, the town's artistic hub, regularly hosts concerts, film screenings, and recitals. What's more, throughout the warmer months, Filey's streets become stages for live performance during a variety of outdoor events, most notably the world-famous Filey Folk Festival. Staithes Festival of Arts & Heritage allows visitors to enter local artists' studios and homes, following an interactive art trail through the town. Whitby's premier cultural venue is the Pavilion, a grand Victorian building that accommodates festivals and exhibitions, in addition to regular live music, dramatic productions and cinema.

Filey's beguiling combination of clifftop byways and coastal wildlife make it the first choice for those looking to experience the Yorkshire Coastline at its most primitive. From the Northern Brigg, where Filey's beaches extend far into the distance, to the nearby freshwater lagoons known locally as the Dams,

the area puts you into immediate close contact with a variety of seabirds and animals.

Dining options along the Coast are many and varied; take your evening meal 500 feet above sea level and take in an exclusive view of the town as you eat, or buy freshly-caught seafood at the water's edge. Whitby Fish and Chips are purported to be the very finest anywhere in the world, so ensure your stop over is complete with a healthy serving. The coastline contains many award winning restaurants serving fresh local produce, traditional tearooms, and cosy pubs delivering an expansive range of menus, illustrating the North Yorkshire Coast's rich and multicultural community.

The destinations that inhabit this varied stretch of Coastline are by turns tranquil, dramatic, picturesque, but always unique. Go adventuring and uncover the many mysteries of the North Yorkshire Coast's past, or slow down, de-stress and find yourself once again, in the present.

HOW TO BOOK

YOUR ESSENTIAL GUIDE TO BOOKING YOUR YORK BREAK ACCOMMODATION

For your convenience, the accommodation in this guide has been divided into five colour coded sections:

- HOTELS**
- GUEST ACCOMMODATION**
- SELF CATERING**
- HOLIDAY PARKS & CAMPING**
- BUDGET**

Prices are listed according to the following categories in each advertisement:

**£50 or less | £51 - £80 | £81 - £110
£111 - £140 | £141 or over**

These price bands, where applicable, are based on the price per twin/double room for one night and, in most cases, with English breakfast. Service charges and VAT are also included unless otherwise stated.

Single/Family Occupancy

Please note that most establishments may reduce the charge for single occupancy and increase charges for a family room. We advise you to check before confirming your booking.

One Night Stays

A number of accommodation providers do not accept one night bookings at weekends. For more details, call Visit York's Information Centre on 01904 550099.

Cancellations

Should you need to cancel your booking, there may be a cancellation charge. This will vary according to the accommodation provider and needs to be confirmed when booking. Cancellation and holiday insurance cover is widely available to protect you. We recommend PB Curran, specialists in travel insurance that is underwritten by AXA Insurance. To get your quote on your next York break, call 01371 705593.

Facilities

We try to ensure that each entry for accommodation in this brochure is as accurate and easy to understand as possible and, for this reason, have kept the use of symbols to a minimum. We recommend however that whether booking via the Visit York Information Centre or directly through the accommodation provider, you check your own requirements carefully.

Walking Distances

Many accommodation providers give approximate distances to the city centre. As everyone walks at a different pace, these can be misinterpreted and we suggest you look at the distance circles on the map (see back of guide). If in doubt, contact Visit York's Information Centre.

Booking Accommodation

For help finding the right accommodation for you, contact Visit York's Information Centre, open seven days a week. Call 01904 550099, email info@visityork.org or visityork.org.

STAR RATINGS EXPLAINED

VISIT YORK STRIVES TO PROMOTE ACCOMMODATION THAT IS TRUSTED TO BE OF AN ACCEPTABLE STANDARD AND ENCOURAGES PROVIDERS TO SIGN UP TO ONE OF THE TWO NATIONAL QUALITY SCHEMES OPERATED BY THE AA AND QUALITY IN TOURISM.

Accommodation featured in this guide displaying star symbols means it has been quality assessed by VisitBritain or the AA. A property not displaying stars will be awaiting inspection. A property displaying a 'Q' symbol indicates that it has been self-assessed and the owner has agreed to adhere to and sign up to a Code of Conduct. Some larger hotel companies operate their own internal inspection policy. Please be aware that ratings may change throughout the year.

To confirm a rating, contact Visit York Information Centre on 01904 550099.

Accommodation in this guide has been divided into five categories:

Hotels

Hotels must have a minimum of six rooms, a licence, offer dinner at least five nights a week (unless designated a Metro Hotel), and have all rooms en-suite or with private bathrooms. They must also operate a high staff-to-guest ratio thereby making service very attentive.

Guest Accommodation

A category on its own, this also covers B&Bs, guest houses, inns, farmhouses and restaurants with rooms. These tend to be personally run by the owners.

Self Catering

For self-catering accommodation, the layout and design, plus the range and quality of the kitchen equipment is assessed, as well as the quality and comfort of the bedrooms and bathrooms and – crucially – the cleanliness. Higher star-rated accommodation tends to have more spacious bedrooms and bathrooms.

Budget Accommodation

Hostels and campus accommodation provide somewhere safe for young people, families and larger groups, and can be star-rated. Higher-rated accommodation often provides en-suite rooms.

Holiday, Touring & Camping Parks

VisitBritain's star ratings reflect the overall quality of the park from one to five stars – five stars being reserved for parks of exceptional quality. The AA provides a similar inspection scheme for which they award pennants.

Star Ratings Made Easy

- ★ Simple, practical, no frills
- ★★ Well presented, well run
- ★★★ Good level of quality & comfort
- ★★★★ Excellent standard throughout
- ★★★★★ Exceptional, degree of luxury

The Inspection Process

Both VisitBritain and the AA assess hotels and guest accommodation to the same criteria with the star rating reflecting the overall quality of the experience. Professional assessors visit properties every year, carrying out a routine day visit or an overnight stay in the case of serviced accommodation. On these occasions, they book in anonymously and test all the facilities and services. A quality score is awarded for every aspect of the experience, including the comfort of the bed, the quality of the food and, most importantly, the cleanliness. They also score the warmth of welcome.

The 'Q' Code of Conduct

Should an accommodation provider decide not to be inspected, Visit York will only promote that provider on the condition they sign a Code of Conduct declaring that they will provide a quality standard throughout. Failure to do this will result in Visit York refusing to place bookings or promote them via the Visit York website.

Awards – Gold, Silver and Red or Yellow Stars

Places that 'go the extra mile' will, in the case of VisitBritain, be awarded a Gold or Silver award and in the case of the AA, be entitled to display red stars for a hotel or yellow for guest accommodation.

Rosettes

The AA's rosette scheme is an award, not a classification. It is designed to assess the quality of food served and is awarded annually on a rating scale of one to five.

This is not to be confused with the VisitBritain rosette, which appears in the guide like this: and is used for quality standards.

Accessibility

Symbols relating to the National Accessibility Scheme (NAS) for wheelchair users and those with limited mobility are displayed where appropriate on relevant advertisements.

Alternative Accommodation

There are a number of accommodation providers who, although not eligible to display a NAS symbol, are still able to offer suitable and very comfortable accommodation for people with limited mobility. These divide into two groups and are clearly marked in each entry.

DisabledGo

Establishments displaying the DisabledGo symbol have been visited by a trained access surveyor. Detailed access information for these venues is available at disabledgo.com.

SA (Self Assessed)

Accommodation providers, restaurants and cafés displaying the self assessed SA symbol may have limited access but can accommodate people with mobility problems. For more information, call the Visitor Information Centre on 01904 550099 or visit www.visitbritain.org for information on individual accommodation providers.

Complaints

If you have any issues that have not been resolved by the proprietor/manager and which you would like to bring to the attention of the inspecting authority, please address your correspondence to the relevant organisation:

The Cosy Club's menu majors on comfort food classics as well as offering an extensive brunch menu served until 6pm, a decent variety of sandwiches, and a great selection of tapas. Whatever the occasion, we'll have something delicious enough to tickle your fancy. We're always cooking up a storm and launching new dishes as well as keeping our Cosy Club favourites. Don't forget to ask your server for a Kid's Menu. We're proud to be able to offer flexibility with a full gluten free and full vegan menu to cater for all.

Pass the Port... Whatever your tittle the Cosy Club aims to please. You can expect great coffee (and cake), an eclectic soft drink selection (award winning actually), a fantastic selection of draught beer/cider/ale (which we source locally where possible), a compact list of decent plonk and a nicely proportioned list of creative and classic cocktails to boot.
